

Type 7 Mooring Capstan

Model :	Type 7 Vertical Mooring Capstan
Maximum pull :	83 kN
Nominal pull :	60 kN
2-Speed :	9 & 18 meter/minute
Type switching :	frequency controlled
Power Supply :	400VAC50Hz
Input power kW :	15 kW
Construction :	Exterior parts 1.4404
Warping Head :	Stainless Steel knurled
Size : wxh	416x380mm
Lubrication :	Oil bath
Gearbox :	planetary self aligning

Including ACDC control cabinet for 230/400VAC50Hz 3phase - 24VDC for two speed frequency controlled complete with 2 foot switches for both speeds, and Telemecanique direction switch clockwise / counter clockwise for installation in the bulwark.
